Hi Em,

Good to catch up earlier, here's the details of CAVS particularly around funding support.

<http://www.cavs.org.uk/funding-advice/>

Also, managed to get clarification from Caroline that either a licence or a lease would be acceptable as secure tenure as long as there was written confirmation in place from the owner or freeholder that detailed the term of the agreement.

Thanks

Aled

Gents

Apologies for the delay in responding. Yes, it was a very worthwhile discussion on Thursday and thank you both for your time. As discussed, I'll keep you informed of developments with other grant applications too Cer!

Al, I have contacted CAVS this evening and bcc'd you in. Aviva community and PostCode Local Trust applications open today so been doing some preparation for that, I'll await any advice from CAVS - as Ceri suggested - before I send in the applications. Great news on the license issue Al, just a quick one on the condition stating "sufficient reassurance being provided on how the asset would be protected". What exactly are they looking for? A statement regarding the general lock up of the Park at night or something more specific like CCTV, fencing? I had a quote for 80m of spectator fencing on 2 sides for £12k!?

Let me know mate, so I can form a reply in plenty of time prior to the Feb 20 deadline. Give me a ring if you prefer mate.

Cheers

Em

Hi Em,

Great to hear the progress since our call.

On the condition of protection, an email detailing the access and lock up procedures to the park and where the floodlights would be stored would be sufficient.

Thanks

Al
