

CYMDEITHASFA CHWARAEON LLANGENNECH & BRYN SPORTS ASSOCIATION

Dear Sir / Madam,

We would like to thank the Panel for your offer in principle of £8,000 towards our project of the mini pitch development at Llangennech Park. We have been busy working towards meeting the conditions of the offer and are keen to update you on our progress ahead of the deadline.

Conditions to be met:

- *Three quotations from floodlighting suppliers.*

Please find attached the quotes (all received via email). To summarise see the table below;

NightSearcher	£3,474.00 (inc. VAT)
Ram-Rugby	£3,744.00 (inc. VAT)
Samalite	£4,312.60 (inc. VAT)

- *Confirmation of a minimum ground tenure of 10 years.*

Please find attached the email from the land owner, Llangennech Community Council, with confirmation of an agreement for which a license is being drafted in anticipation of the project going ahead.

- *Sufficient reassurance being provided on how the asset would be protected.*

We can confirm that the Recreation Ground security procedure involves the daily lock up of the main gate from dusk until 8am. The portable floodlighting system will be bagged and kept at the homes of the club officials for recharging or otherwise stored in the Pavilion at the Recreation Ground, where a new £2000 security system has been installed.

- *Confirmation and evidence of partnership funding.*

We have begun the process of obtaining the remaining funding to carry out the project via an application to the Postcode Lottery Local Trust. This process is done over two stages and we expect to be notified of the success of our first stage application by March 6th.

I trust the information provided in this letter will provide you with a sufficient update on the progress we have made in terms of meeting the conditions of your offer, and we look forward to hearing from you. Please contact us directly via email at info@llanbrynsports.org should you require further information at this stage.

Best Regards

Daniel Price
Secretary
Llangennech & Bryn Sports Association

Hi Em,

Thanks for your email and interest in Nightsearcher. We have designed and manufactured Portable Sports Lighting for the last 15 years. Many Rugby and Football clubs use our lights on a weekly basis for training. We are an approved supplier to Ram Rugby and a recognised supplier to the Football Foundation.

The new Sportstar kit comes complete with Lithium battery pack, charger, 20.000 lumen light head, air cushioned tripod, carry bag and stability pegs.

I have attached the special pricing currently available for this product. Depending on the units required there are different price breaks. We recommend 8 units for a 60x40 training ground. The recommended retail price for these units is £600-750 per unit. As you can at the moment there are great discounts available Pricing excludes VAT.

Please also click on the link below to see a video of the lights in action.

<https://www.youtube.com/channel/UCDHe1taLrZ0L9BJ85saoqqg>

These units have been extremely popular and I know we are starting to get low on the batteries with a lead time of approx. 4 weeks should we run out. If you would like to go ahead I can raise a proforma invoice, once payment is received we can secure the products for dispatch.

Best regards

Sheridan

Hi

On behalf of the Llangennech & Bryn Sports Association, I have been tasked with obtaining quotes for the potential purchase of a lighting system for a 50m x 30m mini pitch that we are currently planning on developing.

Upon browsing I came across your site and the Solaris Megastar LED Portable Rechargeable Floodlights. Could you please provide me with your most competitive quote for such a lighting system at your earliest opportunity?

Thank you in advance.

Em

To: E Williams <info@llanbrynsports.org>

Hi Emyr

Many thanks for your enquiry.

I believe you would need 6 units to light the 50m x 30m area.

Each unit is £530 + VAT but if you were to go ahead with 6, I could do each unit at £520 + VAT .

Kind Regards

Kate

Hi Kate

Thanks for your swift response.
Just to confirm then, for 6 that is £3120 +VAT? And this does not include any carry bags for each set?

Regards

Em

30 December 2019 at 15:26

Hi Emyr

That is correct - £3,120 + VAT for the 6 units.

I can do the carry bags free of charge.

Kate

That's excellent, thanks for the info. I am obtaining more than one quote for similar systems so will present the information to the relevant people and will be in touch if it is decided to go ahead with your product.

Thanks again for your help.

Em

13 January 2020 at 17:03

Hi Emyr,

Thank you for your enquiry,

We would recommend our **SAMALITE Eco-Flood LED SPORT units for an alternative to generator powered lighting**, with a minimum of 4 or 6 x Samalite Eco-Floodlight units for a 50m x 30m size pitch for training purposes. Each floodlight has an anti-glare lens to protect eyes from being blinded and 3 light levels, High, Medium and low. We also have a special offer on the **SAMALITE Eco-Flood LED SPORT** ending this month.

Note: The light output or brightness of an LED Floodlight is measured in Lumen's of light, which our SAMALITE Eco-Flood LED units are one of the most powerful Rechargeable Floodlights available with longer running times.

“Special offer's ends 31st January 2020”

SAMALITE Eco-Flood LED SPORT 19,800 Lumen's Floodlight Special Offer price £515.00, Normal Price £595.00 3+ hours at High power (includes TS200 Tripod Stand/Bracket & Bag) Product Link: <http://www.samalite.com/rechargeable-sports-floodlights/>

Items in stock

All prices are subject to VAT (except when sending overseas)

Delivery ex-works

Note: We ship our goods worldwide, for delivery cost please give us your full postal address and quantity of units required?

For further advice or for more information on our product range please do not hesitate to contact us.

14 January 2020 at 13:50

Emyr

Land Beyond Cricket Outfield

I refer to your presentation to the Community Council at its meeting held on the 13 January 2020 in which you summarised the proposal planned by the LBSA for the above area of land..

The Community Council has agreed in principle to grant to the LBSA a ten year licence for the use of this location.

A more detailed report is required for consideration by the Council prior to the drawing up of a formal licence document.

As indicated to you at the meeting the grant aid bodies you are dealing with need to indicate that a licence is sufficient for their purposes of confirmation of a ground tenure of 10 years.

A licence has been sufficient for other sporting bodies using the recreation ground when applying for grant aid. The last licence granted by the Council was to the Cricket Club in 2015.

I await to hear from you.

Rewgards

E W Evans

Clerk to Llangennech Community Council
