Phill

I refer to security procedures at the recreation ground, Llangennech.

I informed you at the Council meeting held on the 10 February 2020 that each sporting body has been given a key for the main gate and the pavilion. I confirm that for Monday to Friday the main gate to the park is opened by the groundsman at approximately 8.00 am and closed by the security person in the evening at dusk. The security person opens and closes the main gate at weekends other than when a sporting body has opened up itself and closed it after use. The security person in any case will check in the evening after use of the ground that the main gate has been locked. On bank holidays the procedure would be slightly different when the groundsman is not in work.

Regards

Wyn Evans
