Emyr

I respond as follows:-

The date the field will be available is dependent on weather conditions. We need a reasonable amount of rain and if this happens over the next two weeks then we hope the field will be available from the 12 August 2019. The outstanding work is fertilizing.

I have sent an "E" Mail to the County asking them to carry out the line marking. The specific material to be used for marking would be consistent with the marking material used throughout the County.

The last game/training for 2019/20 would be the end of the second week in April 2020 which is the 11/12 April 2020.

Regards

Wyn Evans
