*apologies for the resend, I'd spelt Leanne's email wrong:

Dear all,

I hope everyone had relaxing Christmas periods.

I'm getting in touch to follow up on a conversation I had with Leanne and Em in December re putting a video together to raise awareness about dog fouling in the park.

Leanne also suggested we run a poster competition for the children (I'm assuming it could be anyone interested in the respective sports clubs and Cylch?)

I'd be inclined to say we hold off going down the park to film anything with current restrictions. But if people want to use this thread as a chance to bounce some ideas for a script around, we can have something ready to go in a few weeks then. I suggested to Leanne we get a mixture of parents and kids willing to say a few words on camera about the impact of dog mess on the pitch etc. etc. This could be a video we could repost every couple of months then on our respective social medias if and when there were dog problems.

Hope this gets the ball rolling.

Wishing everyone a safe and happy new year.

Cofion,

Stephen Hughes (community council)
