Redirection of an asphalt path would make way for a playing field that would immediately benefit 140 children on a weekend associated to community clubs & also an entire council estate to which the park used to be a haven for play. The local council are unable to afford maintenance, which has seen the area fall into neglect. We aim to raise the funding to revamp the zone, initially through redirection of the path, which would also provide future potential for the development of a skate park etc

35. Including preparation time, how many hours has it taken you to fill out this application?
