Hi Em,

Thanks for the update.

Keep me updated how things are progressing. It is a really exciting model for how clubs from other sports can work together proactively to support each other and develop.

Once things are a bit further down the line, it would be great to meet up as a club and discuss how this facility could be used to further develop your junior section.

Regards

Aled

Em

It was good to meet, thanks for helping to organise it.

I suppose all I can say is that you would be eligible to apply for grants via Sport Wales, WRU and FAW.

The reason for engaging the surveyor (Alan) is for us all to have a better idea of the work needed and the potential costs involved.

I think Chris said he would arrange with Alan for him to come to the site to undertake his grounds survey. This will need to be done first, as it gives you more information on the costs involved etc.
