

Llangennech County Councillor Gary Jones

Saturday at 14:30 ·

With regards the recent petition to improve the park facilities at Llangennech.

The Community Council has taken over ALL the parks in Llangennech and Bryn, they would have been sold for development as Carmarthenshire County Council has decided to offload them.

We are committed to maintain them and improve them overtime, we will do this via the precept on the village, lottery money, and any money from developments.

Recently we have revamped Bryn Park with community council money, lottery money and section 106 money allotted to other areas, generously released yet [Deryk Cundy](#) the County Councillor for Bynea.

The flooring at Maes Ty Gwyn Park shall be replaced next.

As we obtain more money, we shall improve others, we shall also look at any grants that are available.
